Yes, learning the recorder is part of my music program. Learning the recorder teaches students many things. Such as: learning and recognizing musical notes and symbols, listening and deciphering when they play properly or if they need to practice skill by helping each other by listening and curving each other play, responsibility, and many other elements. WHAT IF WE CANT BUY A RECORDER? I have a set of classrooms that students can borrow from, but they may not go home. They are disinfected after each use. DO WE HAVE TO BUY A RECORDER AND/OR MUSIC EVERY YEAR? Still, having a recorder will continue your student's music training and keep germs to a minimum, I won't want you to buy one. As for Recorder Karate Music, we use the same music every year, so if you bought it once, you won't have to buy it again. Also, if you purchased the music, I'll replace individual pages up to 2 times for free. WE HAVE MUSIC FROM KARATE ON THE RECORDER FROM MY CHILD'S OLDER BROTHER, CAN YOU USE IT? Would you allow your child to use his older siblings of the same degree? Not. I treat Recorder Karate's music books like workbooks. Students learn and write answers to their music. No one, but the owner of the music should write in his music (unless I do for their benefit for training). ALWAYS USE A PENCIL. Also, parents should not write in the names of the notes above the notes for their child. It's like writing answers in your child's math homework. WHAT IF MY KID FORGETS HIS MUSIC CLASS RECORDER? Students who forget to bring their recorder may not borrow from the classroom set, will use a pencil on the and will learn the lesson of their participation. Students are allowed 1 freebie every 9 weeks to forget their recorder. After the student does not bring his music recorder 3 times in a 9-week period, he will receive a note to be sent home, signed and returned by next week.
